

WHAT IS COLOR GUARD?

Color Guard combines modern dance and theatrical performance elements with colorful flags, costumes and props to create a fun and exciting visual performance.

In the fall, the color guard performs with the TOHS marching band in a field presentation lasting about 7-8 minutes. Fall performances include home football games, field show competitions and rallies.

In the winter/spring the color guard moves indoors to develop a winter guard show — a routine about 4-5 minutes long performed to a recorded soundtrack. Guard members perform this show at competitions throughout Southern California.

- Make great friends
